

TECHNICAL & APPLICATIONS

ROTAMIXERS

- compact forced action mixers
- L shape paddle for full sweep mix
- paddle adjustable for heavy & liquid materials
- clean sweep of both side & bottom of drum
- range of drum sizes
- plastic, steel or stainless drums
- easy clean & low maintenance

RM32

The ROTAMIXER Drum Mixer range now includes the RM32, RM42 & RM40, are compact electric mixers

They are easy to clean, give an excellent mix and have an adjustable paddle that will sweep clean the mix drum

The rotating drum produces a centrifugal action & the technically designed paddle generates a radial & axial mix action

The paddle is designed to mix right up to the side of the drum and across the full width of the base. The paddle is adjustable for liquid and heavy materials.

The RM32 is for 1 bag mixes of epoxy, mortar, floor paints & coatings

Mix capacity - 1 bag, 25ltr

Paddles

P15 L shaped paddle

ROTAMIXER FORCED ACTION MACHINES

ROTAMIXER FORCED ACTION ROTARY DRUM MIXER, 32 ltr metal drum, electric 110v

Stock no	Model	Power	Weight	Tub	Capacity	Mix
703200	RM32	0.75kw/16amps		32 ltr	40kg	1 bag
703420	RM42	0.75kw/16amps		42 ltr	40kg	1 bag

REPLACEMENT TUBS & DRUMS

REPLACEMENT MIXER METAL DRUMS, for ROTAMIXER & MIXAL

Stock no	Description
323202	mixing drum 32 ltr with handles for RM32
324202	mixing drum 42 ltr with handles for RM42
323203	mixing drum 32 ltr with handles for Daines Mixal, Mixit & Baromix
323204	mixing drum 40 ltr with handles for Pennine Casco

REPLACEMENT MIXER STAINLESS STEEL DRUMS, for ROTAMIXER

Stock no	Description
323220	stainless steel mixing drum 32 ltr with handles for RM32
