

## **HEAVY DUTY FROST BLANKETS**

### **PRODUCT DESCRIPTION**

Long-lasting, closed cell polyethylene Foam

Frost blankets are a resilient, soft, elastic, physically crosslinked, closed cell polyethylene foam Sheet

Frost blankets are available as follows:

Thickness	10mm
Width	2Mtr
Length	75 mtr
Colour	White

### **TECHNICAL DATA**

Thermal Conductivity at 0°C	ISO 2581	0.034W/mk
Thermal resistance at 0° at 10mm thickness	ISO 5281	0.294 m <sup>2</sup> K/W
2 x 10mm thickness		0.530 m <sup>2</sup> K/W
Application Temperature	Internal	-80 to +80°C
Water adsorption	Internal	2 x Vol% in 7 Days
Mechanical Strength	Internal	Good
